About 10 o'clock a party of friends, to the number of about fifty, armed with forty-home power voices, gave them a welcome that was echoed from the Ecunapias hills. The groom is a prosperous farmer, the bride the widow of Dr. R. M. Taylor, and both have hosts of friends who wish them the best of good fortune.

Mrs. Alice Henrick sends 2,050 stamps for Miss Dollie Rose.

Terrible havoc was wrought by a domestic cat while in a mad fit the other day at the residence of Thomas Sanders of Lewis county. Mrs. Sanders and her three grown daughters were at home, all the men being absent, when the cat suddenly leaped upon one of the girls, buried its claws in her cheeks and bit and scratched her in the most horrible way. It then assaulted the other three ladies one after another, until all were scratched and terribly disfigured. Miss Emma Sanders will lose the sight of one of her eyes.

A Dog-Gone Good Story.
Manchester Signal.

About fifteen years ago John A. Murray of this place had a pet dog which followed him wherever he went. It went with him to camp-meeting at Brittingham Campground one Sunday, and while there got lost from Mr. Murray and was never heard of again. Inquiry was made but no trace of him could be found. He had passed out of Mr. Murray's mind entirely when one morning last week he was found lying on Mr. Murray's porch when the family got up. He was at once recognized and seemed glad to get home and has since been as one of the family. This seems a remarkable story but is nevertheless a true one.

Well, Concord Oddfellows were there, and as Vanceburg folk always know a good thing when they see it, they were there in great force—and all the candidates who didn't arrive in advance came after them.

In addition to the Lodge membership of Lewis county, Rev. D. P. Holt, accompanied by Mrs. Holt, and P. G. P. Thomas A. Davis of this city were present by invitation.

At 3 o'clock a procession was formed at the handsome Hall, and under the direction of Hon. William Bowman about 75 Oddfellows marched to the M. E. Church.

Here the public exercises were held. After some choice selections by the excellent Choir, Rev. Stratton, Pastor of the Church, invoked the Divine blessing upon the assembly.

Hon. William Bowman, ex-Congressman at Tien Tsin, China, tendered the freedom of the town to the visitors and assured them that the hearts and homes of Tollesboro were at their disposal.

Following were addresses by the Rev. D. P. Holt, Thomas A. Davis and Hon. Samuel G. Hillis.

At the close of the exercises at the Church the procession reformed and marched to the Perkins House, where about 80, embracing Oddfellows and their wives and sweethearts, sat down to a feast such as only Mrs. Perkins and Miss Eliza know how to prepare.

After full justice had been done to the feast, the Oddfellows met at the Hall, where a worthy young man was duly inducted into the mysteries of the Order.

It was near midnight when the meeting closed, and though some of the visitors had sixteen miles to ride, none seemed anxious to leave.

Altogether it was a great day in Tollesboro and a great day for Oddfellowship in Lewis county.

Concord has the oldest Lodge, with Tollesboro next and Vanceburg the youngest. All three are prosperous, and Tollesboro especially so. A few years ago this Lodge erected a handsome Hall, which is now nearly paid for, and with a membership of more than fifty good men and true, and plenty of good material to draw from is a bright future before it.

Too much credit cannot be given the citizens of Tollesboro generally, for the hospitable manner in which the visitors were received and treated, and the pleasure of the occasion will long remain as a delightful memory.

During the entire day there was not a single circumstance to mar enjoyment. The report that a boy threw a rock and struck six candidates for County Clerk was a base slander; there were only five candidates in town.

Hon. William Bowman, ex-Congressman to Tien Tsin, China, is always "the right man in the right place." He will leave next week for Washington City to conclude some official business with the State Department—and to show the Administration how to handle Coxey's army.

The English Lord wasn't there. What a feast he missed!

Water consumers are expected to comply with the very reasonable request of Superintendent Schaeffer, which is made on the fourth page of THE LEDGER.

BURGULARS ABROAD.
Judge T. M. Dora's Safe Cracked at Germantown Last Night.

Look out! Burglars are abroad. Sometime last night the safe of Judge T. M. Dora was cracked at Germantown, and about \$100 in cash stolen.

Mrs. Elina Elliott also suffered the loss of a fine horse—which the robbers needed, no doubt, to carry away the money stolen from Judge Dora—as it is unusually heavy during these good times! No clue to the thieves.

KIND HEARTED CHARLIE.
The Fellow Who Wronged Charlie Ryan Gets One Year.

Alex S. Paris, the youthful employe who forged the name of Assistant General Passenger Agent C. B. Ryan of the C. and O. Railroad to a check on the Market National Bank for \$625 a few weeks ago and skipped to California, where he was found and brought back by Detective Herman Wilcox, before Common Pleas Judge Hollister at Cincinnati Thursday.

IT IS TIME TO GET WELL.

All Nature Takes a New Start—New Sap Runs in the Trees and New Blood Courses Through the Veins—In Spring Take Paine's Celery Compound, the One Remedy That Cures.

Everything is upward striving. 'Tis as easy now for the heart to be true: As for fields to be green or skies to be blue: 'Tis the proper way of living.

All animate nature feels the touch of spring. Nature has her great spring cleaning days. The birds get new plumage, the fish put on their fresh, glistening, scaly armor, new streams of fresh water start from the ground; there are new buds and livelier sap, and in the human body the heart throbs with fuller, stronger beats.

It is a season of great changes. At no time during the year is the body so inclined to get rid of old, diseased conditions, chronic sickness, and deep-seated disorders of the vital organs.

It is for these reasons that Paine's Celery Compound, the most famous nerve regulator and blood purifier in the

Indeed, the Christian faith suffers more from a vague mistrust, or undefined unbelief, among the people than its does from any one positive and definite form of infidelity. As a little warmth of the rising sun may call up the very mercuries which are to be dissipated by its more powerful shining, so this vague and popular unbelief is to be dispelled not by withholding knowledge, but by shedding abroad all possible light." Every citizen should desire to find the facts just as they are, not to change facts to suit his theory. E. B. CARR, Minister.

There is not a single village in the country large enough to boast its regular physician or druggist where Paine's Celery Compound is not being more largely used this month than any other remedy. It is known wherever progress and enlightenment have pushed the railroad or the newspaper.

Paine's Celery Compound is the very utmost the medical research of today can do for the exhausted, badly-nourished nerves and thin, impure blood. It goes straight to the causes of the mischief in the many forms of disease resulting from nervous debility and insufficient of vitiated food. A thousand painful symptoms arise from these two prime causes. Correct the nerves and blood with Paine's Celery Compound and the entire system must get well; diseases of particular

parts disappear, and strength and health by day, and strong, invigorating sleep by night, return by an unfeeling natural process. Paine's Celery Compound drives out diseases of the liver, heart and kidneys—by sending pure sufficient blood, loaded with nourishment, through the organs, instead of a watery, impure fluid that can neither nourish nor invigorate. Dyspepsia, neuralgia, rheumatism, heart disease, general nervous debility and loss of strength cannot remain when the nerves and blood receive their daily reinforcement of rich, abundant nourishment from Paine's Celery Compound.

Most diseases are signs of poverty, either of blood or nerves. Paine's Celery Compound makes people well because it feeds starved nerves and blood and regulates their functions. Try it and be convinced, as are thousands of men and women and children everywhere.
